INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

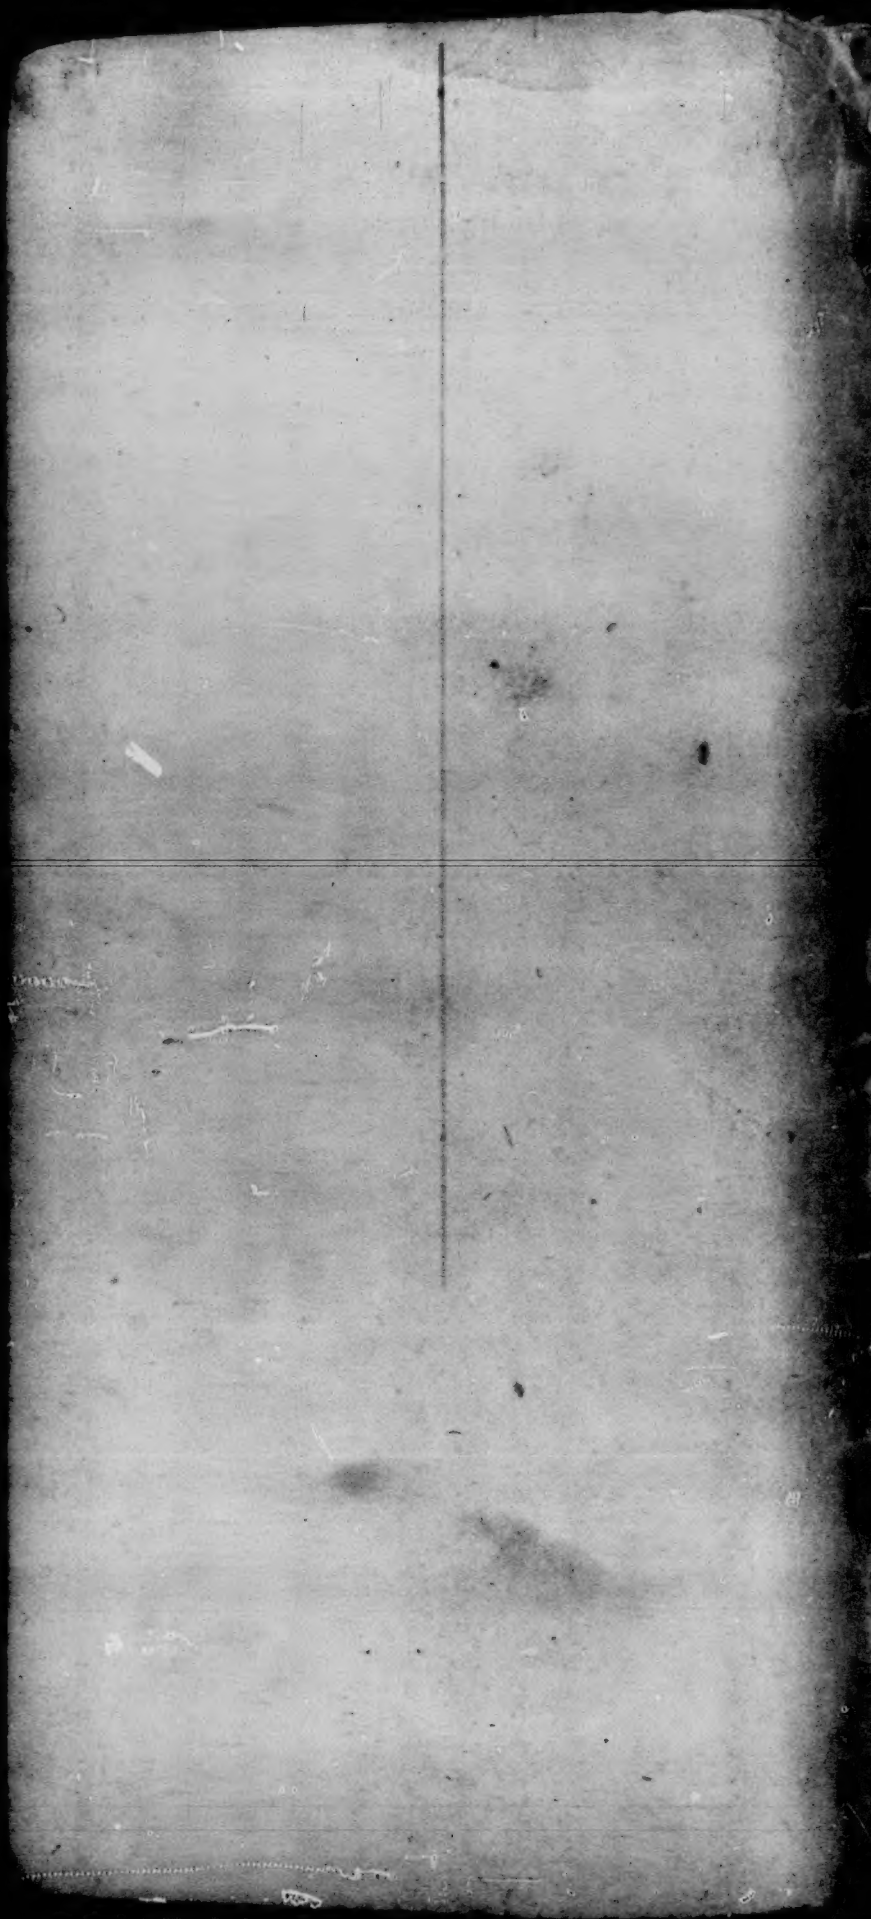

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

The next day after the return of
Maj. Sa Grange and his party,
Maj. Pomeroy was sent out to
forage on noted rebels in the
vicinity of Hamburg, by way of
reprisal. Maj. Pomeroy brought
in quite a number of horses and
mules which were turned over to
the Quartermaster. These prompt
measures had the effect to alarm
the rebels of that section and
large numbers of them came in to
take the oath of allegiance. Capt.
Decker remained at Hamburg
until May 10th when he returned
to camp here. Since these

guided as reconnaissance, were sent out on a reconnaissance to Bloomfield. The party learned the positions and strength of the enemy, made over 100 miles, walked about 30 and returned to camp within 36 hours. On the evening of the 9th of May, 1862, Col. Daniels with 600 men started on a forced march to Bloomfield, arriving there about noon on the day following. No resistance was made, and immediate possession of the town was taken. The pickets were fired on during the night and fleeing, but no one was injured. The next day Col. Phelps' camp located in an extensive swamp was broken up by a detachment under Maj. La Grange, and a considerable quantity of ammunition and excess uniforms was obtained. On the 12th of May information was received that bands of rebels were collecting on the road to Chalk Bluffs with the intention of crossing the St. Francis (over)

1 of the pickets and his horse.
The remainder of the picket then
disappeared when two of
Maj. La Grange's men swam the

It was learned here that a rebel steamer loaded with supplies was at Hornersville, about 18 miles distant. On learning this Col. Daniels with 75 men and a brass six-pounder Cannon, started on a forced march to Hornersville, leaving Capt Smith of Squadron D with a small detachment at Hornersville. Hornersville is situated on Little river, a tributary to the St. Francis. On arriving there the detachment found the boat "Daniel B. Miller" backing down the stream. She was ordered to "lay to" but she kept on her way and those on board commenced firing on our men. Col. from early to early our
skirmishes drove the enemy
two miles with a loss of
twelve killed and a considerable
number wounded. Being
dismounted our men were
able to fire with much greater
rapidity and precision than
the enemy who were exposed
by remaining on horse back
and fired high over our heads.
A squad of Rebel sharpshooters
lingering in the road behind
the retreating column shot three
of our horses under the riders

Remained at Hempstead Texas from Sept 1st to Oct. 30th on which day the Regt commenced its march towards Austin. during Oct. 30th & 31st marched 48 miles.

This muster being made on the road near the village of Round Top. While at Hempstead, the Regt was employed in drilling & other camp duty. The quantity of forage issued was much less than the allowance and much of that was so badly eaten with weevil as to render it almost worthless. The horses, consequently, became very poor & many of them died. The Regt lost by death, about 50 horses.

The men were poorly provided for having no soap with which to do their washing, filth necessarily accumulated and disease engendered.

Fresh meat was issued with less than $\frac{1}{4}$ ration of salt which rendered it almost impossible to use.

No beans, vinegar or rice were issued and much of the Hard Bread was damaged and spoiled.

The country afforded but little grazing for horses and corn was irregularly furnished and in quantities which could not keep the stock in good condition.

RECORD OF EVENTS

Major Schrockling took command of this detachment on the 6th of October, 1863, and on the 7th 200 men of this Regt. was detached by order Col. Brown, 3^d Brigade en route to the Choctaw Nation. The command marched 20 miles this day to Juny Lind and on the 8th information was received that a body of 250 men from Mo. passed through this place on their way to Texas. We made a rapid march, closed on their rear guard, had a running fight - & took the rebel Captain

ched to Waldron. 35. miles.
9th marched into the Choctaw
Nation, the horses and men
being tired, we encamped
12. miles from Waldron to feed
and rest them. Whilst here,
the Major received information
that there was from 4 to 5.
hundred Choctaw Indians
on Morris's Farm distant
45. miles. On the 16th mar-
ched 22. miles and camped
on Polo Creek. Here we
got a good scout who knew
the country well, and at one
o'clock that night we started
at a rapid pace and
marched 23. miles before
daylight. But they had inti-
mation of our advance.
We made a charge and
they were prepared to -
scaddle like frightened
sheep to the woods.

We captured a large quantity
of commissary and G. M. stores
and wagons
which I ordered to be burned
and otherwise destroyed. We took
Capt. Morris the Christian Quarter-
master, 3 Indians & two white
men prisoners.

From this camp I marched about
5 miles when our right side flank
ers were attacked by the enemy
already in line of battle in the
woods. I quickly formed my
command in line of battle,
keeping one squadron for
reserves and second.

Cattlett

40643331
When the firing upon
the enemy there was one wild
simultaneous yell, such as
can only come from savage
throats, given by the Indians,
and responded to by a shower
of leaden bullets. The men
being in good spirits and
high glee made an im-
petuous charge upon them
in which the orderly Sergt.
of Co. B. was killed.

Their line being broken
they rallied in squads thro
the timber, and being greater
in numbers were stubborn
and determined, but we
drove them back six miles.
The brush becoming so thick
and impenetrable we could
not follow up our advantage.
This engagement lasted 2
hours, in which we had
but one man and 5 horses
killed and one man of
Co. H. wounded. The Indian
loss was 14 men killed and
8 taken prisoners.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There is a solid top line, followed by a dashed midline, and another solid bottom line, creating a pattern typical of primary school handwriting practice paper. The paper appears slightly aged or off-white. In the upper right corner, there is a small, faint handwritten mark that looks like the number "23".

RECORD OF EVENTS.

A detachment of 64 men from this Squadron left Fort Scott on the morning of the 4 July, under orders from Maj. B. S. Henning, comdg. Post, for Leathage, Mo. at which place they remained until the 4 Aug. inst. During this time the men evinced great energy in scouting the country for a distance of 20 miles around Leathage, killing 2 bush-whackers, wounding 5, and capturing 82 prisoners. On their return to Ft. Scott, it was ascertained while at Lamar, that the Rebel Gen. Coffee was concentrating a large force at Honey Creek and Monte Vallo in the Co. of Vernon. (over).

On the evening of the 4th inst. they left Lamar, and made a forced march of 24 miles, reaching Horse Creek at 3 o'clock on the morning of the 5th for the purpose of making a reconnoissance and ascertaining the precise locality and strength of the enemy. After an halt of an hour near Horse Creek they proceeded on their march passing through the enemies lines at Horse Creek, entering Monte Vallo from the East, where were encamped 800 Rebel troops under command of Jackman. The boldness of this movement undoubtedly saved this small force from being cut to pieces, for as they approached the town the enemy retired into a body of heavy timber near

The objects of the reconnaissance having been fully accomplished, this little force returned to Fort Scott on the 7 Aug. without the loss of a man. On the evening of the 13 Aug. inst. orders were received from Maj. Henning for squadrons B & F to report immediately to Col. Cloud, Kan. 2. The Company with the Regt started from Opelousas La about 1st of May & then marched to Alexandria La entering on the evening of the third day. Our Regt being mounted marched into Alexandria on the gallop & there met Commodore Porter's Gun Boats which had arrived there the day before.

Marched 40 miles above Alexandria to Camp River & had a smart skirmish with the Rebels.

Soon after the troops entered the City & marched for Port Hudson via Simpson's. Arrived before Port Hudson the 26 of May & on the 27 dismounted & fought with our Brigade a very desperate battle in which we drove the enemy inside their fortification & lost about 70 men out of 200 in this engagement. On the 31st of June marched to Clinton & fought about 24. Losses losing 12 men from the Regiment. On the 1st of June the Regt had an assault upon the ^{over}

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a set of legal pads. The edges of the paper are slightly irregular, suggesting it might be a scan of a physical document. There is no handwriting or other markings on the page.

feated after a few hours
hard fighting and "marched
on the same night to Edwards
Station the 16." On the 17, Resumed
our line of march towards
Vicksburg but about 9 o'clock the
rebels opened fire on our column
from their works on Big Black
River which we carried in a few hours
and encamped for the night
whilst the pioneers were busily
employed throwing a pontoon
bridge across the River the
Railroad bridge having been
burned by the enemy. On the
19, we opened fire on the Rebel
works at Vicksburg and during
that night some field work
were thrown up within 500 yards
of their lines which we moved
into the next morning and
which we occupied during
the remainder of this month.
It is worthy of remark that this Battery
was the first to open fire on the rebel
works at Vicksburg and fired the last
shots made at this place previous
to its surrender on July 4."
